18 June 1962

MEMORANDUM FOR: Chief, Technical Plans & Development Staff

THROUGH: Chief, Technical Development Branch

SUBJECT: Trip Report, [redacted] 7 - 13 June  
1962, [redacted]

*Wise  
28 June*

*MWIK  
25 June 62*

25X1A

1. [redacted] was visited 7-8 June and 11-12-13 June for the purpose of acceptance checking of Serial #3 and #4 rectifiers which are going to SAC and ACIC.

2. Both groups have now finished their testing and were extremely pleased with the results. They brought both operators and programmers with them, plus some new grids and tape for the grids. All tapes performed perfect rectifications on the grids. Both SAC and ACIC intend to utilize their machines 24 hours a day as soon as they are installed.

3. Enclosure A is a manual for the H229 Rectifier and an additional copy has been sent to AMS for the use of [redacted]

25X1A

4. ACTION: ACIC needs a [redacted] program book for the H229. It should be sent to [redacted]

ACIC - ACDM  
2nd and Arsenal Streets  
St. Louis, Missouri

In addition, information and a list of parts required for the Tape simulator should be sent to [redacted] and to

[redacted] USAF  
544th Recon Tech Group  
Offutt Air Force Base  
Nebraska

This work is being performed by [redacted] and should be forwarded as soon as A1 has completed our simulator.

25X1A

5. [redacted] is standing by for a conference with interested parties as soon as it has been determined that the advanced work will be performed on the H229.
